Code of conduct

- The health and safety of our KEEN participants is the most important thing.
- Please read your participant's profile card and find out what they do and do not like.
- Stay with your participant at all times.
- Tell the person in charge straight away if something goes wrong.

Code of conduct

- Try not to be alone with your participant. If they need the toilet, take someone who has been **DBS-checked** with you.
- Limit physical contact with participants.
- Do not talk to participants who are **under 18 on the internet**.
- Be nice to everyone at all times and talk to participants in words they will understand

Code of conduct

- Please do not talk to people about the participants' private information.
- If you want to take photos, use the official KEEN camera, not a personal one.
- When you have read and understood this code, complete our Session Coach Declaration
